International Society of Electrocardiology

Recognized by the Inland Revenue
as a Scottish Charity SC022160

The Purpose of the Society

The Purpose of the Society shall be to promote the advancement of the science of Electrocardiology and in furtherance thereof:

- to facilitate the dissemination of new knowledge in Electrocardiology,
- to encourage new research in the field,
- to sponsor International Congresses on Electrocardiology,
- to assist with satellite meetings related to Electrocardiology, by promoting meetings, lectures, discussions, seminars, conferences and by any other appropriate means.

Membership

Membership of the Society shall be open to all interested persons either medically or scientifically qualified in Electrocardiology.

The lifetime membership fee is \$25.00; application forms to join can be downloaded from the Society web page www.electrocardiology.org.

An Annual General Meeting of the Society shall be held each year during the Annual International Congress on Electrocardiology.

Activities

The Society shall authorise the setting up of Working Groups to organise separate Satellite Meetings, to advise on sessions for the Annual International Congress on Electrocardiology and wherever possible to establish co-operative studies.

Annual Congresses

The International Congresses on Electrocardiology are organised annually. Internationally known speakers present invited plenary lectures on topics of current interest in the field of electrocardiology. Other researchers have adequate opportunity to present their own works in various themed oral and poster sessions.

Meetings have in the past been held in Europe, North and South America and the Far East. The recent Congresses were:

- 2003 Helsinki, Finland
- 2004 Kyoto, Japan
- 2005 Gdansk, Poland
- 2006 Cologne, Germany
- 2007 Istanbul, Turkey
- 2008 St. Petersburg, Russia
- 2009 Wroclaw, Poland
- 2010 Lund, Sweden
- 2011 Kingston, Canada
- 2012 Beijing, China

Forthcoming Congresses:

- August 7-10, 2013 Glasgow, Scotland
- June 4-7, 2014, Bratislava, Slovakia

“Young Investigator’s Award” Competition

The Young Investigator’s Award Competition is organized annually within the framework of each Congress and is sponsored by Draeger Medical Solutions, Massachusetts, USA and other sponsors.

Official Journal of ISE

The official journal of the International Society of Electrocardiology and the International Society for Computerized Electrocardiology is the Journal of Electrocardiology.

The journal is published by Elsevier and is devoted exclusively to clinical and experimental studies of the electrical activities of the heart. It seeks to contribute significantly to the accuracy of diagnosis and prognosis and the effective treatment, prevention, or delay of heart disease. Editorial contents include electrocardiography, vectorcardiography, arrhythmias, membrane action potential, cardiac pacing, monitoring defibrillation, instrumentation, drug effects, and computer applications.
